## PROFILE

A prolific web developer with a strong knowledge of back-end and front-end development acquired by rendering online consultancy services and completing relevant courses. Driven by an intense desire to learn to improve the web's core functionality. With a passion for building world-class web applications and a flair for creating elegant solutions in the least amount of time, I aim to join a team of like-minded developers.

## SOFT SKILLS

Collaboration – team player  
Adaptability  
Can-do attitude

## HARD SKILLS

### Front-end development

Angular 2+ (10)	JQuery	TypeScript
HTML5	Gulp	Single Page Applications
